

ASCOM

i63 Protector certified with OmniPCX Enterprise™ and OXO Connect™

Ascom i63 Protector is a stylish yet robust enterprise-grade handset for reliable mobile communication and coordination

Integration Overview:

The new Ascom i63 Protector combines the reliability, ease-of-management and performance of VoWiFi with enterprise-grade ruggedness, ergonomics and stylish design. Available in three models:

- **Talker,**
- **Messenger,**
- **Protector,**

the Ascom i63 VoWiFi delivers exceptional network and roaming performance.

Integration Details:

Ascom i63 VoWiFi: Mobility with confidence

- **Enterprise-grade VoWiFi performance and seamless roaming.** Supports four network systems, with auto and manual selection. Seamless roaming is optimized with 802.11r, 802.11k, and opportunistic key and pairwise master (PMKSA) caching.
- **Easy to use.** Bluetooth-enabled headset allows handsfree operation. Large, easy-to-read screen and a light weight (only 135g / 4.8oz) help make the Ascom i63 comfortable to use for even the longest shifts.
- **Smooth device management.** Enterprise-grade centralized management lets administrators configure all settings remotely. Validated interoperability with major PBX and Wi-Fi vendors.

- **Protects users and colleagues.** The Ascom i63 Protector model features push-button, man-down and no-movement alarms. Multiple device location methods are available for both the Protector and Messenger models.
- **Mobility with confidence.** The Ascom i63 makes it easy to optimize workflow productivity. Features such as outstanding voice quality, a multilingual user interface, messaging capabilities and extensive phone book options help keep users connected to colleagues, events and mission-critical information.
