

Berryhill Public Schools

Revolutionizing education networks through the future of remote management.

“I would be lost without Twotrees. Along with ALE, they have saved our district on costs, and bring a range of skill sets we benefit from.” *Julie Belk, Assistant Superintendent, Berryhill Public Schools*

“When we work with education customers, we lead with ALE. They have been a great business to work with, and their support is amazing, their pricing is phenomenal.” *Jenni Morton, Assistant Sales Manager, Twotrees*

Berryhill Public Schools located in Tulsa, Oklahoma is home to over 1130 students and multiple prestigious awards. Berryhill High School is the recipient of the College Success Award - Gold, for preparing students for success in college.

CHALLENGES

Berryhill Public Schools struggled adapting to new equipment for student learning and how to assure a reliable and safe network for this new approach. Implementation of a variety of new devices and transitioning from desktops to Chromebooks caused many glitches in the system and network.

ACTION

Berryhill Public Schools' partnership with Alcatel-Lucent Enterprise has added a lot of value to their network and technological capacity. Berryhill lacks IT personnel and has found a reliable partner in Twotrees for this support. During a district-wide network shutdown, Berryhill turned to ALE and Twotrees for support, both of whom provided the knowledge and tools necessary to move past the obstacle.

Berryhill has updated most of the equipment as a result of bond money and in an effort to be more efficient and productive using common and modern technology. Alcatel-Lucent Enterprise has been a trustworthy, valuable and economical vendor for the Berryhill network.

PRODUCTS AND SOLUTIONS

Alcatel-Lucent OmniSwitch® 6560 Multi-Gigabit Ethernet LAN Switch
Alcatel-Lucent OmniAccess® Stellar Wireless Access Points
Alcatel-Lucent OmniVista® Cirrus Network Management as a Service

RESULTS

Technical benefits

- 47 OmniAccess Wireless Stellar APs have provided increased satisfaction and connectivity for staff and students
- Replacing core switching with OmniSwitch 6560 (Z16 model) allowed for a vast improvement in consistent broadband connectivity
- OmniVista Network Management as a Service eases remote management access and use

Financial benefits

- ALE's pricing helped Berryhill choose Alcatel-Lucent Enterprise over competitors and gain great support and quality
- Using bond funds allowed Berryhill to upgrade technological capabilities

User experience benefits

- Students at the high school now have their own school issued devices and experience with broader digital learning opportunities
- OmniVista remote management is helpful and efficient as Berryhill lacks a single lead contact for IT
