BUSINESS COMMUNICATIONS FACE NEW DRIVER OF CHANGES

Digital assistants and bots
By 2023, 35% of workers will start working with bots or other forms of AI (IDC).

Mobile workplace
More than 75% of workers would be more loyal to their organization if it offered flexible work options (FlexJob).

Video collaboration
Business phones connected to a collaboration solution will help people work together wherever they are.

MAKE A DIFFERENCE: CHOOSE CLOUD-ENABLED BUSINESS PHONES

The Alcatel-Lucent Enterprise business phones connect to the Alcatel-Lucent Rainbow cloud, and to AI-enabled applications, right from your desk.

Make life easier
for your teams and provide your customers with a quality communication experience that leverages AI-enabled applications and cloud-based video collaboration.

Customer experience
By 2020, 86% of buyers will pay more for a better customer experience (Walker Study).

Quality communications
With super-wideband audio, all communications will come across loud and clear.

In this age of digital transformation, your customers expect quality interaction, impeccable service, and fast response from your teams.

Over 40 million workers offer their customers a superior experience with Alcatel-Lucent Enterprise phones: Join them!
