

Cetis Inc

Cetis Hospitality SIP Phones E100 IP and E200 IP certified with OmniPCX Enterprise™

From economy and mid-scale, to luxury, Cetis hotel phones are preferred or approved brand standards for the world's leading hotels. Cetis SIP telephones are optimized for the hospitality market. They are tested on the leading IP/PBX platforms preferred by major hotels around the world and built with varying features necessary for smooth hotel operation and communication with their guests.

Integration Overview:

The E Series speakerphones are equipped with a high-quality speakerphone feature to allow hands-free operation. To use, simply press the Speaker key when placing or answering a call. The telephone line will activate automatically. The Speaker key will light up indicating that the speakerphone is in use. To hang up, press the Speaker key again.

Integration Details:

Cetis has been the industry leader since 1982 with its three brands Teledex, Telematrix and Scitec and will continue to offer the best-in-class guest room telephones, service, and support for many years to come. Today, Cetis telephones are preferred or approved by all major hotel brands. Cetis maintains corporate sales and support offices in the United States, United Kingdom, Beijing, Dubai, and Mumbai.

CAUTION: This validation provides customers with confidence that a partner's integration with an Alcatel-Lucent Enterprise on-premises platform is functionally sound and performs as designed. This can help customers reduce deployment risk, lower total cost of ownership, and improve the user experience related to the partner's integrated offering. However, be aware, this document is associated with an InterWorking Report (IWR) available on the ALE Business Portal which give all possible restrictions and limits.
