

REGISTERED members

Edition: April 2025

This document lists the members of Alcatel-Lucent Enterprise Developer and Solution Program who are at Registered membership level.

Alcatel-Lucent Enterprise

Developer and Solution

Partner Program

Note: some companies joined the ALE Developer and Solution Partner Program during one or several years and even certified their solution/application through this program but they did not maintain the validity of the interoperability. The possible related InterWorking Report (IWR) is available on demand but with no agreement from Alcatel-Lucent Enterprise to provide any assistance since the versions mentioned are no longer supported.

This document lists the registered DSPP partners as of the date of publication; this list may have changed between the publication date and the current date.

For any query email to dspp@al-enterprise.com
