

KONFTEL

300Wx certified with OmniPCX Enterprise™ and OXO Connect™

Conference products support the industry standards. In addition, they are optimized and certified with the leading UC platforms to guarantee a combination of performance and functions that ensure ease of use and add commercial value..

Integration Overview:

The stations integrate complete and powerful Full IP capabilities. With native SIP, they offer the following principal functions (depending upon the version):

Integration Details:

The wireless conference phone Konftel 300Wx allows to hold meetings wherever is convenient – without worrying about network and power outlets. The wireless DECT technology is both reliable and secure. The base station suits the company's telephony environment, SIP or analog, or connect to an installed DECT system.

The rechargeable battery ensures more than 60 call hours!

-  Meeting size: up to 20 people
-  Wireless DECT
-  Base station: IP, analog or GAP
-  Battery with 60 hours of call time
-  Hybrid: combine meeting app and phone calls
-  Expandable with additional microphones
