

**LOCANDA DELL'ARTE**

Locanda dell'Arte is a charming 4-star hotel with 30 suites and a relaxing SPA. Travelers, including nature and culture explorers alike, enjoy the genuine Italian country feel of the hotel and its surroundings. The restaurant offers authentic cuisine made from fresh local ingredients that is served in indoor and outdoor areas.

**CHALLENGES**

Locanda dell'Arte needed a separate, more mobile phone system for its management and restaurant phone lines in order to contact employees within the structure and in external areas, including reaching management over intercoms. As a boutique hotel, Locanda dell'Arte needed to enable greater staff mobility while ensuring that guests could reach them at all times. In addition, the hotel wanted to install wireless Internet access in each room and throughout the property to meet the evolving needs of its guests.
