## Company Overview:

The Swiss company New Voice developing high-quality solutions in the fields of security, telecommunication and Information technology since 1991.

MobiCall is available in three versions: MobiBBox, MobiCall hot stand-by full redundant and MobiCCloud. All versions contain licenses for alarm escalations, time-dependent alarm distribution, unlimited number of persons to be alerted, internal watchdog monitoring, data back-up and statistical evaluations as standard. Mobicall offers a long-term upgrade and migration plan that allows purchased licenses to be reused at any time. This ensures comprehensive investment protection.
