## 1. OpenTouch Conversation® Web

OpenTouch Conversation Web is an OpenTouch conferencing client for employees and guests of your enterprise that gives access to collaboration services such as instant messaging, document or desktop sharing, participants management.

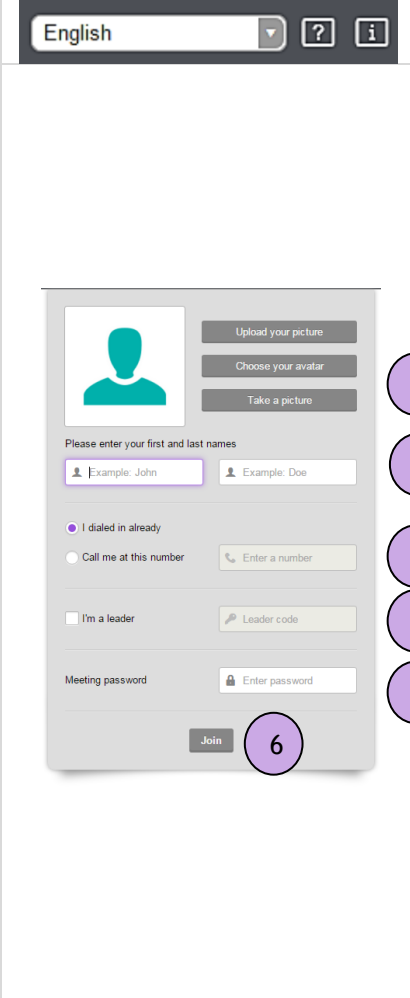

OpenTouch Conversation Web is a web application that runs in any recent browser and does not require specific software installation to access main features.

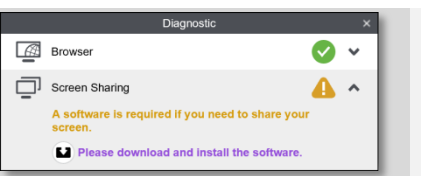

Advanced features like sharing your desktop require software installation.

## 2. Start OpenTouch Conversation Web

You receive an invitation for a conference. Your email contains an URL to connect you to the meeting. Click the URL invitation to open the welcome page.

The header displays the title and the organizer of the meeting.

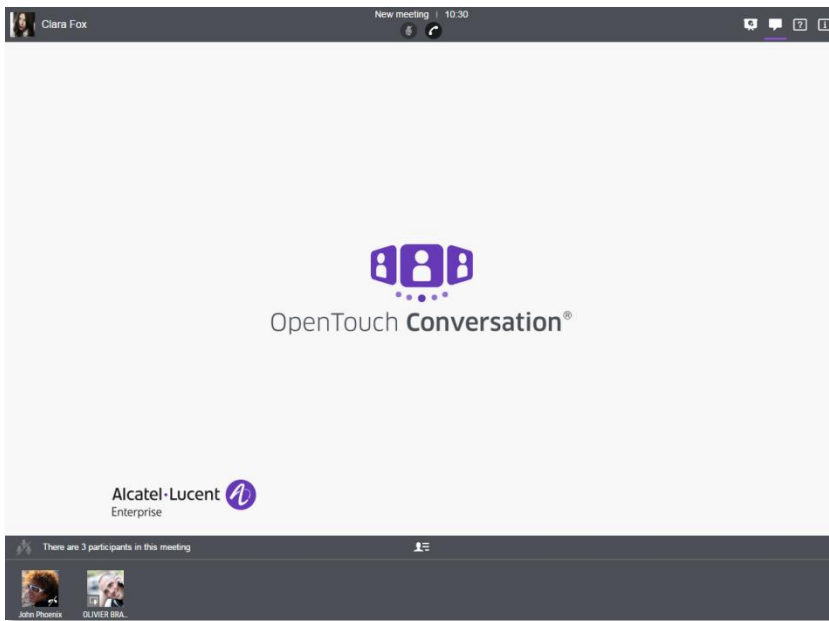

<p>Select your language</p> <ol style="list-style-type: none"> <li>Define your avatar/photo which appears during the meeting. Everyone in the meeting will see this avatar/photo.             <ul style="list-style-type: none"> <li>Import a picture from your device.</li> <li>Choose an available avatar.</li> <li>Take a picture by using the camera on your device.</li> <li>Keep the predefined avatar.</li> </ul> </li> <li>Type your first and last name (required)</li> <li>Select how to join the audio meeting:             <ul style="list-style-type: none"> <li>Without audio because you are already in audio conversation with this conference.</li> <li>Call-back option by entering the number to be called back on for the meeting. If a password is required for audio meeting, you will have to enter the password (digits only) to join the audio meeting (external user).</li> </ul> </li> <li>If the meeting organizer has given you the leader role, you can access advanced features such as managing presentation (change page, upload document, annotate) and attendance (mute, add, drop people). Skip this step to join as a participant.</li> <li>If a password is required for the online meeting, you have to enter the password to join the web meeting (external user).</li> <li>Join the meeting. If you selected the call-back option, the system will dial the number provided.</li> </ol>	
--	--

<p><b>Diagnostic</b> </p> <p>A warning is displayed, launch the diagnostic (click the link) and follow instructions. Software installation is required only if you have to share your desktop.</p>	
---	---

You join a meeting as a participant or a leader. The leader can access advanced features. The leader role:

- Add or remove participants.
- Mute or un-mute a participant.
- Share documents.
- Annotate documents.
- Share desktop.
- Promote participants to leader role.

### 3. Homepage

Your photo/avatar and your name are displayed in the header and are seen by everyone in the meeting.

The stage displays shared content such as documents, web presentations and desktop sharing.

List of meeting participants.

Actions available depend on your role in the meeting (leader or participant).

	Mute/un-mute the conversation (line is muted when the microphone is red).
	Call yourself back or hang up your audio line.
	Share documents or your desktop during the conversation.
	Start a public instant messaging conversation and see a list of ongoing public and private conversations.
	Display/close the list of participants.
	Help.
	About.

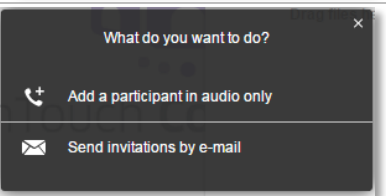

## 4. Manage participants

Actions available depend on your role in the meeting (leader or participant) and the type of conversation (audio).

	<p>Display the list of participants</p>	
<p>On the photo/avatar, the role and the conversation type are displayed.</p> <ul style="list-style-type: none"> <li> The participant has the leader role.</li> <li> The participant joins the meeting without audio.</li> </ul>		

<p>Select a participant to display available actions</p>		
	<p>Mute/un-mute (leader).</p>	
	<p>Start a private instant messaging conversation with the selected participant.</p>	
	<p>Promote the selected participant to leader role (leader).</p>	
	<p>Drop the selected participant (leader).</p>	

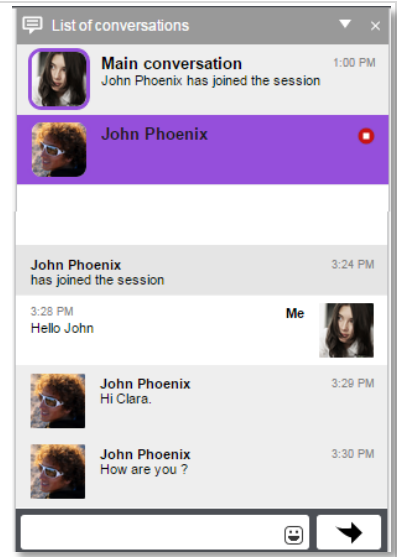

## 5. Add a participant to the meeting (leader)

	<p>Display the list of participants</p>	
	<ul style="list-style-type: none"> <li> Add a participant in audio only, by entering their number.</li> <li> Send invitation by email.</li> </ul>	

## 6. Start an instant messaging conversation during the meeting

	<p>Start a public instant messaging conversation and see a list of ongoing public and private conversations. A new conversation is started.</p>	
	<p>Start a private instant messaging conversation with the selected participant in the list of participants.</p>	

**During conversation**

	Send message.	
	Insert emoticons.	
<p>The title bar of the instant messaging window displays the participant or the list of participants who can see the instant messages.</p> <p>If you have one or more private instant messaging conversations, you can switch between participants: select it in the list of conversations.</p> <p>: close the selected instant messaging conversation.</p>		

**6.1 Share documents during the meeting**

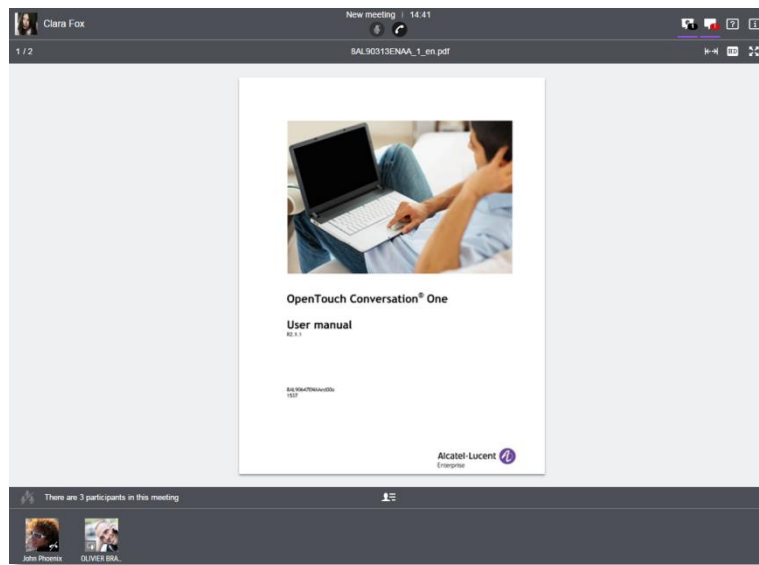

If you have the leader role, you can share documents with all participants of the meeting.

	Use the share icon to start sharing documents. The number of uploaded documents (ready to share) is displayed.	
--	--	--

**Management panel:**

	<p>Add a new document by selecting the file on your computer (leader). You can add the document by dragging and dropping it to the application. Select how to share the document:</p> <ul style="list-style-type: none"> <li> All participants can only view the document.</li> <li> All participants can only download the document.</li> <li> All participants can view and download the document.</li> </ul>	
	Share the document (leader)	
	Download the document to your personal computer.	
	Delete the document (leader).	

**Controls (top bar of the conversation window)**

	Stop document sharing (leader).
	Go to the previous or next page of the document (leader).
	Go to the first or last page of the document (leader).
	Select a page in the document (leader).
	Use thumbnails to display the pages of the document (leader).
	Use the full- or wide-screen mode.
	Use the highest resolution to display the document.

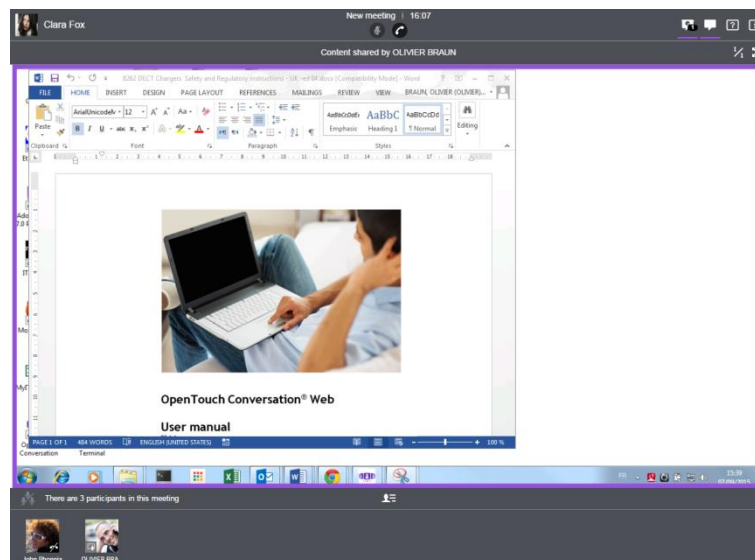

**Annotation tools (leader):**

	Use a pen (to draw freehand), a highlighter (to highlight a specific area) or shapes (to draw lines and rectangles) to annotate the document. Use the eraser to remove annotations or remove all annotations from current page.
	Change the color.
	Change the size.

## 6.2 Share your desktop during a conversation (leader)

If you have a leader role, you can share your desktop with all participants of the meeting. Alcatel-Lucent Enterprise software is required if you have to share your desktop via the OpenTouch Conversation Web (OTC Desktopsharing). Please check your configuration by selecting Diagnostic when you start OpenTouch Conversation Web and follow the instructions if the software is not installed.

	<p>Use the share icon to start sharing your desktop.</p>	
	<p>Select the monitor to share. A popup requires validation.</p>	

Management panel:

	<p>Share a monitor with the other participants (monitors you are connected to are automatically displayed).</p>
	<p>Pause the sharing.</p>
	<p>Resume the sharing.</p>
	<p>Stop the sharing.</p>
	<p>Use the full screen mode.</p>
