Developer and Solution Partner Program
(DSPP)

List of DSPP Qualified Partners
Nov 09, 2026

DSPP goal is to stay ahead in innovation and improve our customer offering by working with partners who bring high-value solutions, whether through advanced, open-standard technologies or strong expertise on ALE platforms and APIs.

This document provides the list of Alcatel-Lucent Enterprise DSPP 'QUALIFIED' partners as of the date of publication.
For more details on interoperability tests and compatibility matrices (software, equipment, and related dependencies), please refer to the associated InterWorking Reports (IWRs), accessible on Alcatel-Lucent Enterprise My Portal, the secure platform for authorized partners to access product resources, software updates, and expert support.

PROGRAM

What is the ALE Developer and Solution Partner Program (DSPP)?

The ALE Developer and Solution Partner Program aims to build a broad ecosystem that offers our enterprise customers and Business Partners a wide range of solutions. It provides support to developers and partners throughout the entire lifecycle of their solutions.

Designed to enable application development, the program supports its members in:

- **Creating innovative** solutions using **advanced APIs** and technologies
- **Certifying** reliable solutions that are maintained across multiple releases
- **Expanding market visibility** across all regions and sectors.

Who Can Join the DSPP program?

A wide range of companies can join the DSPP program, including those who develop applications, products, or services that complement ALE's enterprise communication solutions. This includes application developers, technology and infrastructure providers, universities, ALE Business Partners, and enterprise customers looking to create their own tailored applications.
The program is open to all these contributors. Join us and become part of a dynamic innovation ecosystem!

BENEFITS

Program Benefits for Enterprise Customers

- Access to a rich and reliable source of innovative solutions
- End-to-end offerings tailored to both vertical and horizontal markets
- Seamless interoperability with existing systems
- Simplified development of customized applications

Program Benefits for Business Partners

- Verified interoperability with Alcatel-Lucent Enterprise platforms
- ALE support on interworking issues for Certified Solutions, within the scope of valid IWR
- Easier integration and maintenance of DSPP members' products
- Acceleration of new business opportunities

Program Benefits for DSPP Members

- Comprehensive set of tools and services for development and testing
- Support tailored to members' needs
- Recognition by ALE customers and Business Partners

The Alcatel-Lucent name and logo are trademarks
of Nokia used under license by ALE

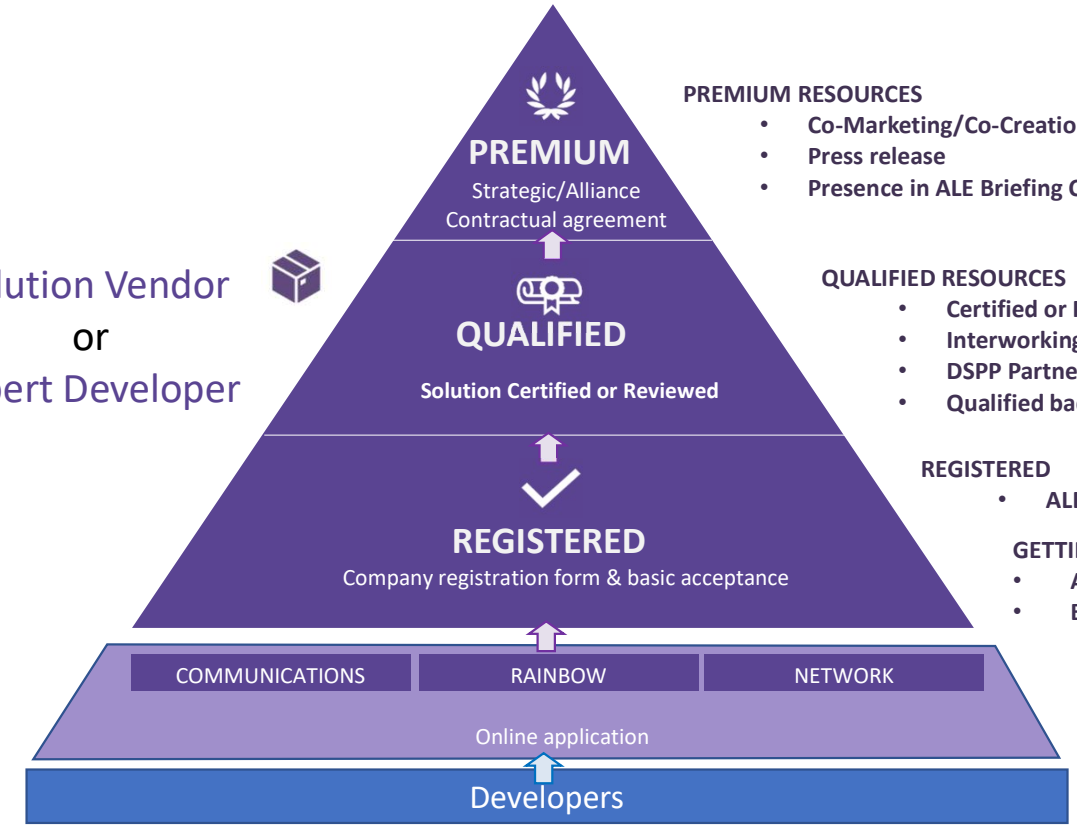

MEMBERSHIP LEVELS

What are DSPP membership levels

Solution Vendor

or

Expert Developer

PREMIUM RESOURCES

- Co-Marketing/Co-Creation
- Press release
- Presence in ALE Briefing Centers

QUALIFIED RESOURCES

- Certified or Reviewed Solutions
- Interworking report (Certified solutions)
- DSPP Partner Page on the ALE puclic website
- Qualified badge

REGISTERED

- ALE acceptance

GETTING STARTED PUBLIC RESOURCES

- APIs, SDKs and documentation
- Basic sandbox

of Nokia used under license by ALE

Which DSPP membership level is the best fit?

Preferred

PREMIUM PARTNER

Close cooperation with ALE to market and sell joint solutions based on both parties' products and solutions.Exceptional strategic partnership under a specific agreement, in which ALE integrates the partner's solution into its own offer.

QUALIFIED PARTNER

With an active DSPP Subscription, the partner's solutions are certified by ALE (interworking tests and Interworking Report) or reviewed, or its expertise is confirmed by ALE after the review of two successful customer projects.

REGISTERED COMPANY

Program entry point. Free of charge. Companies are registered once accepted by ALE

The Alcatel-Lucent name and logo are trademarks of Nokia used under license by ALE

PARTNERSHIP TYPES

Partnership types define the nature of the collaboration based on the role and expertise of the partner:

Expert Developer

Typically systems integrators or service companies. They have demonstrated deep expertise in ALE APIs.
They have delivered two successful customer projects using ALE APIs, reviewed and confirmed by ALE.

Companies that demonstrate their ability to develop innovative applications or solutions based on specific Alcatel-Lucent Enterprise APIs or SDKs.

Solution Vendor

Companies offering hardware/software solutions or applications.
Their products are integrated with or enhanced by ALE APIs.

Companies that develop and sell applications or solutions properly integrated with Alcatel-Lucent Enterprise platforms.

The Alcatel-Lucent name and logo are trademarks of Nokia used under license by ALE

API

Available APIs

ALE products offer a wide range of Application Programming Interfaces (APIs), fully documented with expert assistance from the DSPP team available through the DSPP Subscription. These APIs enable your application or solution to seamlessly interoperate with ALE systems, while delivering a rich set of features to enterprise customers.

INDUSTRIES

Which industries does our ecosystem serve best?

To stay at the forefront of industry innovation and enrich our customer offering, ALE provides a dynamic ecosystem of interoperable applications, certified or reviewed by ALE, tailored to the specific needs of the following industries:

- **Hospitality**

Property management systems, call management solutions

- **Healthcare**

Notification and alerting systems, event monitoring, nurse call systems, bedside terminals, location-based alerting solutions

- **Education**

Door phones, notification and communication solutions

- **Government**

Notification systems, voice recording, emergency phones, radio gateways, audio/video solutions, and accessibility tools for people with disabilities

- **Transportation**

Notification systems, ruggedized phones, reverse proxy solutions, voice recording, video systems, and operator consoles

WEB
Which website for which purpose?

■ DSPP PORTAL

The Developer and Solution Partner Program (DSPP) portal enables candidate companies to apply online.

https://www.al-enterprise.com/en/partners/dspp

How to search the online solution Catalog?

Search results lead to the DSPP Partner Page of each Qualified partner, presenting its Certified and Reviewed Solutions (with a DSPP Certification Datasheet for each Certified Solution) or its expertise, their benefits, and the company's contact details.

Browse our solution catalog at
https://www.al-enterprise.com/en/partners/dspp/partnerships

■ My Portal

MyPortal offers sales, pre-sales, order management and post-sales resources to our Business Partners, as well as technical resources to DSPP partners with an active Subscription. You must be logged in to MyPortal to access the Interworking Reports (IWRs), technical documentation, software downloads, etc.
